[1] The number of program completers found, matched and used in the passing rate calculation will not equal the sum of the column labeled "Number Taking Assessment" since a completer can take more than one assessment.

[2] Institutions and/or States did not require the assessments within an aggregate where data cells are blank.

[3] Number of completers who took one or more tests in a category and within their area of specialization.

[4] Number who passed all tests they took in a category and within their area of specialization.

[5] Summary Totals and Pass Rate: Number of completers who successfully completed one or more tests across all categories used by the state for licensure and the total passrate.
