The 2011 Challenge Grant will match any new or increased pledge in the amount of $50 to $500. Thus, this is the perfect opportunity for each dollar gift to go a long way toward helping someone in our community.

This means that an employee on **biweekly pay** will be eligible to have his or her pledge matched by the Challenge Grant with as little as a deduction of $2.25 per pay period. Note biweekly employees' United Way deductions do not come out of the 3rd pay of the month and the pledge per year figures below reflect only two deductions per month.

An employee on **monthly pay** would only need to pledge $4.25 per pay to meet the Grant Challenge.

How does this impact the pocketbook? A commitment at this level costs less than two cans of pop per month yet when matched by the grant, it has the potential to truly impact someone's life.

The chart below provides a sample of how the dollar amounts deducted per pay translate into annual giving. The figures highlighted in yellow are eligible for a Challenge Grant match!

Biweekly Pay			Monthly Pay	
Designate Per Pay on the pledge card	Generates a monthly deduction of	Results in Pledge Per Year	Designate Per Pay on the pledge card	Results in Pledge Per Year
$ 1.00	$ 2.00	$ 24.00	$ 1.00	$ 12.00
