Satisfactory Academic Progress Appeal Form

Satisfactory Academic Progress for financial aid is defined as:

1. Maintaining a cumulative GPA consistent with university graduation requirements;
2. Staying on pace to graduate by earning 67% of cumulative attempted hours. Pace is calculated by dividing cumulative hours earned by cumulative hours attempted; and
3. Completing your degree within a maximum time frame.

If your appeal is granted, you have only one semester to raise your GPA and/or to be back on pace to graduate. You will become ineligible for financial aid after that semester if you cannot meet these federal law requirements.

You will need to provide a typed statement explaining the extenuating circumstance(s) as to why you did not maintain satisfactory academic progress and what has changed in your situation that will now allow you to make satisfactory academic progress. Your appeal must include supporting documentation or it will not be considered. Documentation cannot be submitted separate from the appeal.

Priority submission date for Fall Semester appeals: **July 15**
Priority submission date for Spring Semester appeals: **November 15**
