MIDDLE LEVEL: ADD-ON LICENSE

Elementary and Secondary Education

Overview

This license add-on addresses issues pertaining to the effective education of middle school students including developmental characteristics of adolescents, planning and implementing effective instruction for middle level learners, and facilitating learning environments conducive to academic success in middle schools. This 15-credit program is designed for teachers interested in enhancing their abilities to address the specific and unique needs of middle level learners.

Mode of Delivery
This program is offered 100 percent online.

This online license add-on will:

- prepare you to address the specific and unique needs of middle school students
- help you build a strong support network of middle school contacts throughout Indiana and beyond
- offer increased job flexibility
- allow you to earn graduate credit from a nationally recognized teacher education program
