The Panhellenic Excellence Scholarship

Congratulations and welcome to Ball State University! The next four years at Ball State will be some of the most memorable years of your life. College is a time to grow and seek opportunities for leadership, personal development, scholarship, and community involvement, all while having a little fun, too. There is one specific experience that encompasses all of these aspects, Greek Life. At Ball State, members of Greek Life foster bonds of mutual respect and understanding, create unique relationships within their chapters and the community, uphold the high standards of membership, and above all else, exemplify a strong appreciation for academics. Sorority women maintain seven values: Accountability, Diversity, Education, Integrity, Mutual Respect, Personal Development, and Relationships. With these goals at the core of what we do, Ball State’s ten National Panhellenic Conference sororities collaborate to ensure that the all-Sorority GPA is consistently above the all-campus GPA. We do this by emphasizing and exemplifying hard work and dedication.

Another way we promote academic appreciation is the issuing of the Panhellenic Excellence Scholarship that is awarded by our Panhellenic Council. The Ball State Panhellenic Council is looking for outstanding women who embody our mission statement and our seven, core values. This scholarship is offered to incoming freshmen women with a grade point average of 2.8 and above. Applying for, or receiving, the scholarship does not obligate you to participate in sorority recruitment or to join a Greek organization.

I encourage you to take this opportunity as the perfect start to the abundance of opportunities that Ball State University has to offer you. We are looking forward to reading your application and once again, welcome to Ball State! If Greek Life interests you, I encourage you to visit the Ball State website where detailed information and sorority profiles can be found.
