EDUCATION REDEFINED®

Ball State University practices equal opportunity in education and employment and is strongly and actively committed to diversity within its community.

Ball State wants its programs and services to be accessible to all people. For information about access and accommodations, please call the Office of Disabled Student Development at 765-285-5293 (TTY users only 765-285-2206) or visit www.bsu.edu/dsd.

The information presented here, correct at the time of publication, is subject to change. $8301\mbox{-}12~\mbox{umc}$

SCHOOL OF PHYSICAL EDUCATION, SPORT, AND EXERCISE SCIENCE

SPORT AND EXERCISE PSYCHOLOGY MASTER'S PROGRAM

BALL STATE UNIVERSITY EDUCATION REDEFINED

www.bsu.edu/sportpsychology

OUR PROGRAM

DEGREES OFFERED

Master of Science (MS)

Requires completion of a thesis

Master of Arts (MA)

Requires completion of a research project

ABOUT THE PROGRAM

The sport and exercise psychology specialization will outfit you with theoretical foundations and real-world experiences related to sport performance and exercise behavior. Our comprehensive program covers group dynamics, sociology of sport, psychology of exercise behavior, and research methods. Active membership in related professional organizations is strongly encouraged to enhance your education and professional exploration.

GRADUATE ASSISTANTSHIPS

We offer several graduate assistantships each year. These assistantships require you to teach one to three physical activity classes per semester and assist a faculty member with research, for a total of 20 hours per week. We offer remission of tuition during the academic year and following summer as well as a \$10,000 stipend. Students are responsible for other fees.

APPLIED OPPORTUNITIES

Apply classroom study to practical fieldwork through our versatile, distinctive applied program experiences. Opportunities include working with athletic teams and individuals to address performance enhancement issues and/or exercise adherence consultation. These real-world experiences will provide you with professional networks and acquaint you with best practices in the field.

DEGREE REQUIREMENTS

To earn a master of arts (MA) or master of science (MS) degree in sport and exercise psychology, you must complete 33 credit hours, including core courses and a research component.

Note: Each course is 3 credit hours unless otherwise noted after the course title.
