Please submit the Certificate in Autism Plan of Study to Dr. David E. McIntosh at demcintosh@bsu.edu for approval.

Guidelines for Completing the Plan of Study

1. The Certificate in Autism must include 15 hours of graduate level courses. The following courses must be reflected in the Plan of Study:

SPCED 609:	Introduction to Applied Behavior Analysis	3
SPCED 611:	Advanced Applied Behavior Analysis	3
SPCED 680:	Introduction to Persons with Autism Spectrum Disorders	3
SPCED 682:	Interventions and Treatments for Persons with Autism	3
SPCED 683:	Practicum In Autism	<u>3</u>
		15 hrs

- 2. Students can start the sequence of courses any semester. Students must complete SPCED 609 before they can enroll in SPCED 611. SPCED 680 and SPCED 682 can be taken in any order or concurrently. Students can enroll in SPCED 611 and SPCED 683 during the same semester. However, students cannot enroll in SPCED 683 and then complete SPCED 611. Students must complete SPCED 609, 680, and 682 prior to enrolling in SPCED 683.
- 3. Please attach your Plan of Study to an e-mail and send to Dr. David E. McIntosh at demcintosh@bsu.edu. Please send it as a Microsoft word document.
- 4. You must be admitted to the Certificate Program in Autism prior to completing a plan and having your plan approved.
