Mission

The Mission of the BACS society shall be to stimulate the interest of all black alumni of Ball State University, supporting issues related to alumni and students of African descent. The society will work to further the educational, professional, social and philanthropic interests of black alumni, individually and collectively; and to acknowledge and recognize the achievement of both alumni and students by:

- Developing a wider acquaintance and fellowship among members of the society.
- Providing a clearinghouse for the presentation of problems pertaining to education and requests for services to the benefit of the black alumni.
- Creating a networking opportunity, both socially and professionally, for black alumni.
- Establishing an informational base through which specific communication regarding campus minority programming and activities can be disseminated to constituents.
- Encouraging a unified continuing regard among black alumni for the total scope of opportunities offered at Ball State University.
- Encouraging black alumni to identify with current and prospective students plus provide support on an ongoing basis to these students and Ball State University.
- Promoting a positive environment which reflects and enhances the values of a multicultural and ethnic society.

Vision

The Black Alumni Constituent Society (BACS) will be the most recognized resource on Ball State’s campus for alumni and students of African descent. We will collaborate with the university to build an inclusive environment where all members of its community will be:
- Valued
- Nurtured
- Respected
- Empowered
to achieve their full potential
