News from the Nurse’s office

February 2017

Attention parents of current 3rd, 5th and 11th grade students:
Plan for Next school year: If your student will be in the following grades for the 2017-2018 school year you need to update records for the health clinic. 4th grade: All 4th grade student need to submit an updated school physical form to the clinic. This also serves as their clearance for elementary sports. 6th grade: All incoming 6th grade students will need immunizations prior to the first day of school. 6th grade students should have a meningitis and Tdap (tetanus and pertussis) vaccine. Submit updated immunization records to the health clinic. 12th grade: All seniors will need a 2nd meningitis vaccine prior to the first day of school. Submit updated immunization records to the health clinic.

Please bring updated physical forms and immunization records to the health clinic or to registration for the 2017-18 school year.

Illnesses: Please remember to report to the clinic any contagious illnesses. You may contact the clinic via phone: 765-285-8640 or email: hlchalfant@bsu.edu. This allows us to begin deep cleaning in areas of concern and to monitor the spread of the illness. Things such as Hand Foot and Mouth can cause complications to pregnant women. Please report illnesses such as: pink eye, hand foot and mouth, impetigo, MRSA, head lice, ringworm, scabies, strep throat or scarlet fever, gastrointestinal illnesses, meningitis, mononucleosis, influenza, chicken pox, measles, pneumonia, whooping cough...

Medications: Please remember that PARENTS should bring medications to the clinic. Students are not to bring medications to the clinic. Parents must sign a medication administration form for OTC medications. Prescription medications MUST have a SIGNED physician order. All medications must be in the original pharmacy bottle. Antibiotics can be given at home (before school, after school and before bed).

Prescription Medications: Should have a note from the physician
