Friday:
4:00 - 10:00 p.m. Beauty and the Beast Musical - Rehearsal (Auditorium)
We hope you have all enjoyed your Spring Break!

Let's work together to finish this school year with great success!
This week High School Students will begin registering for classes. There will be an email, that gets sent to all of the High School students, that includes the course guide description.

We will not be offering Summer School this year.
A letter from the Ball State President was recently sent out responding to Intolerance.

Burris Laboratory School was established to provide a collaborative environment where all students work and learn together. Racism, discrimination and bullying have no place in our school. We have an opportunity and responsibility to model inclusivity, tolerance and grace to future generations. This is a charge not taken lightly by our faculty and staff.

All students should be afforded a safe school where they can thrive and be accepted unconditionally. Below is an image of Maslow's Hierarchy of Needs and Bloom's Taxonomy:

Being an educator for many years, I believe students' basic needs must be met before they can learn. I tell preservice teachers, "You can't do the Bloom's stuff until you do the Maslow stuff." Please join us in our quest to ensure every student is recognized and valued at Burris Laboratory School. Together, we can support and encourage all of our students in an inclusive, nurturing environment.

Mrs. Miller
Let The Oncology Unit’s Relay for Life Team “Ladies in Red” Egg Your House!!

All Proceeds Will go towards the 2017 Relay for Life

40 Eggs for $30
80 Eggs for $50

Order your candy filled eggs in time to be delivered to your yard and ready for Easter morning fun.

Eggs will be scattered in your yard Saturday night, April 15th.
Must be Signed up and paid in full by Monday April 10th.

We will go to any house within 15 miles from BMH

There will be a sign-up sheet at the Secretary's desk on the Oncology Unit 5 North. Please bring your money and make sure to leave your address.

Or you can email your order to. At this time we can only accept cash or checks made out to Kait-lynn Licht.

Indiana Academy Enrichment Program

Reading and Writing Poems: From 8th Century England and 20th Century Chile to Your Life Here and Now

Reading and Writing Poems is a hands-on writing workshop inspired by the anonymous poets of 8th century England and by modern South American poet Pablo Neruda. Taught by Indiana Academy instructor Dr. Margret Smith, students in this workshop will:

- Hear how the English language sounded in the 8th century
- Learn about why the English spoken then was so different from what we speak today
- Study the poetic forms used by Old English poets
- Study modern praise poems by Pablo Neruda, translated from Spanish
- Write original poems. Student won't have to write in a whole new language; they'll write in the modern English that we speak today, but they will use some of the elements that made Old English poetry distinctive.

Who Should Attend? Middle school students (Grades 6-8) interested in learning about poetry. Neruda wrote poems in praise of tomatoes, laziness, and his socks. What will you praise in your poem?

When: Saturday, April 29 from 10 a.m. - 2 p.m. (Students should bring a sack lunch)

Where: L.A. Pittenger Student Center, Multipurpose Room (Basement)

For more information, please contact Sadie Ritchie at sjritch@bsu.edu or 765-285-3281
Burris 8th Grade Washington D.C. Trip Fundraiser

A flyer has been attached to the weekly update! Please head to Culvers on April 4th to support our students who are heading to Washington D.C.

Visit Culver’s of Muncie on April 4th at 5-8 pm and we will donate a percentage of our sales to the Burris 8th Grade Washington D.C. Trip

(Flyer Required)

Enjoy a delicious meal, benefit a great cause and feel good all over.

THANKS FOR YOUR SUPPORT!
Mrs. Papandria’s 7th Grade social studies classes listened and learned to a Guest Speaker from the Rinker Center for International Students today (Friday, March 3). His name is Yosef Teklewold and he is from Ethiopia. We learned all about his country, including his language, Amharic, different aspects of the geography and weather (they have the hottest location on earth!), and how traditional cuisine is prepared and served. He even included information about music (which we listened to) and cultural traditions (arranged marriage!) The students had fun listening to Yosef and asking questions- it was great to collaborate with BSU and have this awesome opportunity to learn about our content from a native speaker. Yosef received his undergrad at Taylor University, and is currently working toward his graduate degree here at BSU in international business.
Congratulations to the following Burris students for their achievements in the Cornerstone for the Arts Young Artist Exhibition. Nine area schools participated with over 80 student artists in all. Go Owls!

K-2 category
Moira McCrory - 2nd place

6-8 category
Megan Trappe - 1st place
Marie McBride - 2nd place

HS category
Elizabeth Coleman – 1st place

The following Burris students had artwork in this exhibit:

Nicole Nguyen – grade 9
Hezekiah Tyler – grade 9
Elizabeth Coleman – grade 12
RJ Harman – grade 12
Chloe Grosh grade 12
Leila Ray-Elbahaoui – grade 11
Jinwon Pae- grade 8
Maddie McBride- grade 8
Meghan Trappe- grade 8
Brynna Livingston- grade 7
Otis Holland- grade 7
Ella Neely- grade 7
Nora Seefeldt- grade 7
Sophia Price- grade 5

Elle Blackmer- grade 5
Georgia Berg- grade 4
Christian Groves- grade 4
London Lanning- grade 4
Mya Trammell- grade 3
Jayden Phelps- grade 3
Gabriella Li- grade 3
Eden McCrory- grade 2
Addison Pierce- grade 2
Yohan Shin- grade 2
Moira McCrory- grade 1
Teagan Ferguson- kindergarten
Nicholas Littlefoot- kindergarten
Do not forget that Wednesday, March 15th is group club picture day!

Our Mission

Burris Laboratory School fosters a culture of respect and trust where every student is challenged to pursue excellence by engaging in a well-rounded, technologically-enhanced, rigorous curriculum in a safe and secure environment. As a model school, engaged in best-practice research and the preparation of highly effective educators, we collaborate with community partners to prepare students for success in an ever-changing world.
