Standing Policy on Attendance
Adopted
September 15, 2003

Three successive member absences from Council meetings requires that the Chair of the Council contact the member to determine his or her willingness to continue participating in the Council. If the member expresses interest in continuing, he/she will be encouraged to attend the next meeting. However, if the person expresses interest in being removed from the Council, a replacement request will be made by the Chair to the represented unit (dean, vice president, etc.).
