Welcome to the 2015 Great Lakes Regional Counseling Psychology conference hosted by the Department of Counseling Psychology and Guidance Services at Ball State University. We are very pleased you are with us!

The Great Lakes Conference has a unique history within the Society of Counseling Psychology (SCP) as the longest running regional conference of SCP. This year’s conference—the 28th annual meeting—is all about remaining engaged while responding to change. This year’s conference will be firmly rooted in the history of counseling psychology while recognizing the importance of a changing future. Our roots of advocacy, social justice, prevention and strength-based interventions for diverse populations emphasize healthy, adaptive change to developmental life tasks. During its 28-year history, the Great Lakes Regional Conference has celebrated these roots and core values while introducing graduate students to conference planning, presentations and professional networking.

The 28th edition will continue this history while navigating the crossroads into the future. Three conference themes have been identified:

- **Engagement** – Consistent with SCP president Dr. Michael Mobley’s Special Task Group on engagement, proposals are encouraged that focus on theory, research and/or practice examples that highlight forms of engagement in new settings, with new populations, with international emphases, both within SCP (e.g., engaged mentoring relationships) and across the world (e.g., cross-cultural research).

- **Health Service Psychology and Core Competencies** – Two important developments with implications for the future of counseling psychology are the definition of health service psychology by the Health Service Psychology Education Collaborative (HSPEC) and its Blueprint for Education and Training (HSPEC, 2013), and the recently endorsed Core Competencies for Counseling Psychology (see CCPTP website http://www.ccptp.org/resources). Dr. Cindy Juntunen will give an invited address to inform and educate attendees about the training implications of Health Service Psychology and Integrated Healthcare.

- **Military/VA Psychology** – Counseling psychologists have a long history of contributing to research, program evaluation and psychological services offered to our country’s military, through serving as military psychologists and through working in the Veterans Administration health care services. We will celebrate that history via an invited address by Lt. Col Kirk W. Rowe, PhD, ABPP.

In addition, the conference will include 13 symposia, 30 roundtables, and 6 poster sessions by approximately 170 attendees, as well as a social justice project with funds going to Friends Food Pantry in Muncie. A social hour with a taco bar on Friday, snacks and refreshments throughout, and breakfast and lunch will support the presentations on Saturday.

We hope you enjoy and benefit from this historic conference and welcome to Ball State University!

About the Keynote Speaker
Dr. Michael Mobley

Dr. Michael Mobley received his Ph.D. in Counseling Psychology from The Pennsylvania State University in 1998. He is currently an associate professor in the Department of Psychology at Salem State University. He has also taught at Rutgers, The State University of New Jersey (2008-2012) and the University of Missouri (1997-2008). His expertise and research interests include multicultural counseling competencies, perfectionism, scale development, risks & protective factors among culturally diverse adolescents, and racial/ethnic and gay & lesbian identity development models.

Beyond currently serving as SCP President, he has served as SCP Treasurer and 2013 NMCS Coordinator (Div17 & Div44), as co-founding Chair of Give Back: Stepping Up to the Plate initiative (now, Community Engagement Committee), Chair/Past Chair of the Section for Gay, Lesbian, Bisexual and Transgender Issues and SGLBTI Treasurer, SCP Program Chair and Newsletter Editor. Within APA he served as Chair (2011) and member (2009-2010) of the Committee on Lesbian, Gay, Bisexual, and Transgender Concerns. He is a member of Divisions 44, 45, and 51.

Dr. Mobley's 2014-2015 Presidential Theme is Counseling Psychology in a Diverse, Global Society: Fostering Engagement, Advocacy and Competencies. His three presidential initiatives include fostering Engagement in SCP, Empowering Youth through advancing a focus on well-being among culturally diverse youth, and Integrative Behavioral Mental Health with a focus on identifying training and competencies for counseling psychologists.

About the Invited Speakers

Dr. Kirk Rowe

Lieutenant Colonel Kirk L. Rowe, PhD is a counseling psychologist with many years of experience as an Air Force psychologist. He is currently the Director of Training for the APA Approved predoctoral internship program at Wright Patterson Air Force Base in Dayton, OH. He recently returned to Wright-Patterson after serving 3 years at Misawa Air Base, Japan and 2 years at Eglin Air Force Base as the Flight Commander. He is board certified in clinical neuropsychology and his clinical interests include brain injury, adult ADHD, and dementia. Dr. Rowe’s invited talk will be about his varied career experiences as a military psychologist.

Dr. Cindy Juntunen

Cindy Juntunen, PhD is an associate professor and the co-director of the doctoral program in counseling psychology at the University of North Dakota. Dr. Juntunen has been very active in the Society of Counseling Psychology (SCP, Division 17), particularly on the Council of Counseling Psychology Training Programs (CCPTP). She also served on the Health Service Psychology Education Collaborative (HSPEC)—an APA task force that examined concerns related to education and training for the professional practice of psychology. This group developed core competencies for professional psychology and put forth 7 recommendations that constitute a blueprint for the future education and training of professional psychologists. She will talk about her work on HSPEC, the core competencies and the recommendations for training.
