A screenshot of a button labeled 'Continue' with a right-pointing arrow.

Cisco Jabber IM Install for iPhone

- Make sure that Wi-Fi is enabled and connected → Go to **App Store**

- Search For “Cisco Jabber” → touch **Cisco Jabber IM**

- Touch **Install** → Launch ‘**Cisco Jabber IM**’ App

4. Touch **Cisco Unified Presence** → Enter BSU username → Enter BSU Password → Enter “**jabber.bsu.edu**”
→ Touch **Sign In**

The diagram illustrates the login process for Cisco Unified Presence. It begins with a button labeled "Cisco Unified Presence". An arrow points to a form with three input fields. The first field contains the username "addouglas". The second field is a password field, represented by ten black dots. The third field contains the domain "jabber.bsu.edu" and has a small "x" icon to its right. An arrow points from the form to a green button labeled "Sign In".
