Install Guide - Jabber for iPad

Cisco Jabber requires the device to be on BSU wireless network or connected to Ball State's VPN using the Cisco AnyConnect client or built-in VPN client.

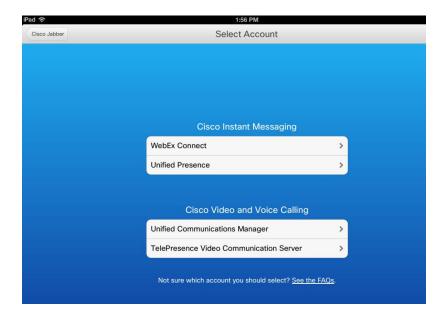

1. Go to the App Store and search for Cisco Jabber

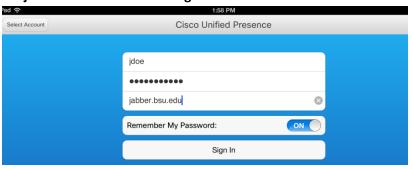

- 2. Select Cisco Jabber for iPad and click Install (Enter your Apple ID Password)
- 3. After the install completes, open the Jabber App
- 4. In the Company-Provided Accounts area, choose Select Account

5. Click Unified Presence

- 6. Enter Ball State username and password
- 7. For Server Address, enter jabber.bsu.edu and click Sign In

- 8. Click Set Up Video and Voice Calling Account
- 9. Select Unified Communications Manager
- 10. Enter Ball State username and password
- 11. Click Save
- 12. Click Done
- 13. To configure voicemail, click on the settings button in the top-right corner of the screen

- 14. Scroll down and select Voicemail Pilot Number and enter 50400 and click Done
- 15. Select Voicemail, verify the correct username, and enter your Ball State password
- 16. Click Save
- 17. Click Done
