Ball State University Motor Vehicle Regulations and Parking Procedures Department of Public Safety

Any person owning, operating, or having custody of a motor vehicle on university property must comply with these regulations and procedures. Employees and students should ensure that their guests who operate motor vehicles on university property are also familiar with the regulations.

These are the regulations and procedures adopted by the Ball State University Board of Trustees pursuant to the authority granted to it by the State of Indiana (IC 20-12-1-2) and are accurate at the time of printing.

General hours for parking lot enforcement are 7:00 AM to 7:00 PM Monday through Friday for red restricted surface lots, 7:00 AM to 5:00 PM Monday through Friday for yellow general faculty/staff, 3:30 AM to 5:00 PM Monday through Friday for green commuter lots and 3:30 AM to 7:00 PM for all parking garages. General hours for parking lot enforcement in the blue residence hall lots are 24 hours daily from 7:00 PM Sunday through 5:00 PM Friday unless otherwise posted. The football stadium lot is overflow for all zones. All lots have signs at the entrance stating the type of permit required and enforcement hours. CHECK SIGNS CAREFULLY. Any area, including restricted areas, may be closed to parking during hours specified by the university.

All parking facilities, except the parking meters, and the metered floors of all parking garages, require a parking permit during enforcement hours.

A parking permit does not guarantee the availability of a parking space. It grants only the privilege to park in an assigned area. Absence of a parking space does not justify violation of any parking regulation.

Ball State University reserves the right to close any parking lot without notice. During football season, vehicles must be removed from the stadium lot by 9:00 PM on the evening before a home game and may return 2 hours after the completion of the game. During crowd gathering events (i.e. home basketball games and Emens shows) vehicles may be required to move from their designated lot. Vehicles parked in the baseball overflow lot must be moved during baseball season.

VERBAL OR PHYSICAL ASSAULT OF PARKING ENFORCEMENT OFFICERS OR PARKING STAFF WILL NOT BE TOLERATED. INDIVIDUALS ENGAGING IN THIS TYPE OF BEHAVIOR ARE SUBJECT TO THE UNIVERSITY DISCIPLINARY PROCESS AND/OR POSSIBLE CRIMINAL PROSECUTION.

The University assumes no liability for loss or damage to a vehicle or its contents while parked in a university lot.

ENFORCEMENT

University parking is a "zoned" system. All lots have entrance signs stating the type of permit required and enforcement hours. ZONE ENFORCEMENT WILL BE SUSPENDED **ONLY** WHEN THE UNIVERSITY IS CLOSED FOR BUSINESS. (i.e. SATURDAY, SUNDAY, AND UNIVERSITY HOLIDAYS, see definitions.) Vehicles parked on university owned or controlled property must display a Ball State University parking permit during the enforcement hours and must be in a marked parking space at **all** times.

Any space posted with a specific sign, such as Disabled-Driver Space, "97 Permit", Director, etc. is enforced 24 hours a day, seven days a week unless the sign states differently. Meters are enforced according to the time and hours stated on the meter. When a car is parked in a metered space during hours of enforcement, meters must be paid whether the vehicle has a permit or not and even if the vehicle is occupied. Any parking space with a post but no sign or meter head, is subject to the restrictions posted at the lot entrance.

Loading docks provide access to buildings for short term loading and unloading. Vehicles blocking dumpsters, stairways, other vehicles, etc. will be cited for improper parking and/or towed at the owner's/operator's expense.

Parking Meters	Times posted on the Meter

^{*}Maximum time allotted and enforcement hours are stated on each meter head.

When using the paid parking in the parking garages, be sure you enter in the correct space number. Failure to enter in the correct space number will not excuse an overtime parking citation. There are no in and out privileges in the metered areas of the parking garages.

SUMMER ENFORCEMENT HOURS - Zone parking is enforced from 7:00 AM to 4:00 PM Monday through Friday. Parking permits for Green Commuter, Blue Housing, and Purple Stadium zones are interchangeable in the summer during enforcement hours. Yellow faculty/staff permits must park in yellow zones and red restricted permits must park in their designated red zone or green commuter or yellow faculty/staff zones during enforcement hours.

PROCEDURES

Permit holders are required to display their valid parking permit on any vehicle parked on university property during enforcement hours. A permit holder who does not display his or her permit for any reason is still subject to a 'No Valid Permit' citation. The permit holder may have the 'No Valid Permit' fine reduced to \$25 per violation by responding to the Office of Parking Services within five (5) business days of the citation. All citations issued to a permit are the responsibility of the permit holder regardless of the registered owner of the vehicle.

FINES - "No Valid Permit", the violator has five business days to purchase and display a permit. All unpaid citations must be paid before a permit will be issued. A late fee will be assessed on all unpaid fines that are 10 business days old or older.

The person to whom the parking permit is issued will be held responsible for all parking violations issued on his or her vehicle regardless of who may be the operator. A violation notice is not excused on the plea that another person was driving the vehicle. If there is no permit, fines will be assessed to the employee or student who owns the vehicle, or to a student or employee who is a family member of the vehicle's owner. In all other instances the registered owner is the responsible party.

A citation will be issued for violations once every calendar day. Exceptions are timed parking (i.e. meters, pay stations and loading docks) where a citation may be issued for each violation of the time restriction.

PROHIBITED PARKING - Parking is prohibited at all loading docks, dumpsters, entrances to buildings, drives, crosswalks, hashed out areas, fire hydrants, spaces posted with signs, yellow curbs, sidewalks, in the grass, or anywhere the vehicle constitutes a safety or other hazard. All drives are fire lanes unless marked for parking. A vehicle parked on a sidewalk is subject to removal. Vehicles must be parked in a marked parking space at all times.

Vehicles may not occupy more than one parking space. Any vehicle too large to fit in a single space may not park on university owned or controlled property without Parking Services approval. It is the driver's responsibility to be sure their vehicle is parked in a legal parking space at all times. Any vehicle reported to be abandoned will be towed at the owner/operator's expense 72 hours after it has been properly tagged with contact information if no contact has been made with the University Police Department or the Office of Parking Services. The Department of Public Safety reserves the right to prohibit the use of any vehicle on university property that presents a danger or hindrance to public safety. Car covers on parked vehicles are prohibited on university owned or controlled property.

APPEALS - Appeal forms are available from Parking Services or on-line at www.bsu.edu/parking. An appeal must be filed within ten business days after the ticket is issued or the right to appeal will be forfeited. Use of an OOPS voucher to clear a ticket relinquishes all rights to appeal. Notification of the committee's decision will be sent by mail and is final and binding.

There must be "substantial and valid evidence" that the parking violation was not committed, or it occurred due to circumstances beyond your control. A lost ticket, forgetfulness, parking only for a short period, failure to display a parking permit, not seeing the signs and/or the absence of a parking space, any ticket resulting in the vehicle being towed, or entering the wrong space number in the parking garage pay station are not grounds for appeal. To avoid a late fee, a ticket that is being appealed needs to be paid within ten business days of issuance. If an appeal is granted on a ticket which has been paid, a full refund will be issued unless other fees or fines are due the university.

REVOKED PARKING PERMITS - Parking privileges may be revoked for habitual offenders. Vehicles displaying a parking permit belonging to another person, department or one that has been revoked, reported lost or stolen, or falsified will be fined for improper registration and may be towed at the owner's/operator's expense. Parking privileges will be suspended for one (1) calendar year from the date of the violation and other disciplinary action may be taken.

SKATE BOARDING - The use of skateboards is prohibited on university owned or controlled property. Violators will be cited and may have the skateboard impounded until the fine is paid.

ACCIDENTS - Any accident involving a Ball State University vehicle on the Ball State campus must be reported to the University Police as soon as possible. Phone (765)285-1111.

DISABLED VEHICLES - Disabled vehicles are not excused from these regulations and should be attended to promptly with immediate notification made to University Police. Phone (765) 285-1111. Tickets issued prior to notification of the University Police will not be cleared.

BROKEN OR MALFUNCTIONING PARKING METERS OR PAY STATIONS - Broken or malfunctioning parking meters or pay stations must be reported to the Office of Parking Services immediately at phone (765)285-1208 or (765)285-1111. The meter or pay station will be checked for malfunction by a parking technician. Any tickets issued prior to notification of malfunction to the Office of Parking Services will not be cleared. Tickets issued at meters found to be functioning properly will be valid. The Office of Parking Services will not reimburse money for excess time on a meter or for a cancelled transaction in the garage pay stations.

PARKING PERMIT REFUSAL - Parking Services may refuse a parking permit if:

- the person applying has delinquent fines
- the vehicle is owned or operated by another student or employee or the family member of another student or employee
- the parking privileges of the applicant have been revoked
- the vehicle is too large to fit in a single parking space
