## Information Technology

### Infrastructure

<table>
<thead>
<tr>
<th>Wired Network</th>
<th>10/100/1000 Megabit Ethernet</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number of Ports in Residence Halls</td>
<td>7,574</td>
</tr>
<tr>
<td><strong>Total Number of Ports</strong></td>
<td><strong>18,733</strong></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Wireless Network</th>
<th>802.11g Technology, Speed 54Mbps</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Number of Access Points</strong></td>
<td><strong>1,100</strong></td>
</tr>
</tbody>
</table>

### Email

- **Annual Email Volume**: 228 million
- **Faculty/Staff Accounts**: 4,178
- **Student Accounts with BSU Usernames**: *50,853
- **Student Accounts with Mailboxes**: *

**Total Number of Accounts**: 55,031

*no distinction*

### Computer Labs

- **Adaptive**: 1
- **College/Department**: 173
- **General Purpose**: 15
- **Graphics**: 14

### Total Computers

- **Available to Students (total campus)**: *21,500
- **For Faculty, Staff, and Students**: *

**Ratio of On-Campus Students to Computer**: 1.25

Note: About 95 percent of students at Ball State University have their own computers. Teachers College and College of Architecture and Planning students are required to have a computer.
