23. Some lawmakers have proposed making possession of small amounts of marijuana a civil offense like a traffic violation, rather than a criminal misdemeanor. Supporters say the change would save the criminal justice system the high cost of prosecuting minor offenses and would spare young offenders from having a criminal record. Opponents believe such a change would encourage marijuana use in the state or lead to usage of more serious drugs.

What about you? Would you support or oppose a bill that decriminalizes the possession of small amounts of marijuana?
