## Rinker Center for International Programs

### Master of Business Administration (MBA)

Ball State University's **Miller College of Business** has long been known for quality teaching that's filled with the practical and rigorous experiences necessary to excel in today's global and digital economy. All of this, plus convenience and personal attention, is wrapped into 30-33 credit hours and your choice of four optional concentrations: sales management (one of only a few in the U.S.), entrepreneurship, finance, and operations.

Other advantages of a Ball State MBA include:

- We are **among only 15 percent** of business schools accredited by the Association to Advance Collegiate Schools of Business (AACSB International).
- In 2010, our MBA was **ranked 11th among online, AACSB-accredited MBA programs** by the consumer advocacy group GetEducated.com.
- No prior work experience is required for our program; plus our **business essentials certificate** can help you get started if your undergraduate degree was not in business.

### Delivery Methods

You have two options of study that full-time students may finish in one year. No matter which you choose, you will have access to the same outstanding Ball State professors:

- **At our beautiful Midwestern campus in Muncie, Indiana, USA**—Includes an internship option for qualified and approved international students.
- **100 percent online**—You work from your own country. Costs are less, but the personal attention is the same.

### Attend An Online Information Session

We regularly host **online information sessions** where you will be able to learn more about our MBA and chat live with a faculty advisor. Register at [www.bsu.edu/gradinfosessions](http://www.bsu.edu/gradinfosessions).
