BALL STATE UNIVERSITY EDUCATION REDEFINED

Ball State University / Vincennes University

CONNECT PROGRAM COURSE LISTINGS

Successful completion of the Connect program assures transfer admission to Ball State University for students who were not admitted out of high school (admission to restricted majors is not guaranteed). Connect participants are required to earn a minimum of 24 transferable college-level credits at Vincennes University, and earn a minimum cumulative grade point average of 2.0 (on a 4.0 scale). Only specific college-level courses (those listed below) in which the student earns a grade of C or better will count toward the 24 credits needed to gain admission to Ball State, and 30 transferable hours are required to enter Ball State with sophomore status. A Connect-certified counselor at Vincennes will help you select classes that satisfy the program requirements. If you have not applied for admission to Ball State previously, you must do so to be considered for Connect. Please contact Ball State's Office of Admissions at 800-482-4BSU (4278) or 765-285-8300 to discuss your admissibility.

Vincennes Courses Ball State Courses
