

BALL STATE UNIVERSITY GREEK ACCREDITATION AND AWARDS PROGRAM

October 2009

Accreditation Program Purpose and Overview

The purpose of the Ball State University fraternity and sorority accreditation program is to outline the basic expectations of fraternities and sororities recognized by Ball State University. In addition, this program will assist chapters in monitoring and improving their own activity and performance. Revisions to this program are made through committee recommendations to the Office of Student Life.

The following criteria serve as the foundation for all healthy Greek organizations and if implemented well, can enhance the Greek undergraduate experience. The requirements are based upon the five Greek community core values: dedication, growth, integrity, individuality and relationships.

Community Values Statements

Personal Growth

We realize our strengths and limitations by maximizing our potential as lifelong learners; adversity provides for opportunities for growth and reflection.

Relationships

We foster bonds of mutual respect and understanding. We recognize we are all members of a greater community and strive to assist those in need.

Individuality

The Greek experience is personalized by respecting the uniqueness of each person and each chapter. Success is achieved through the accumulation of the diverse talents and experiences we all contribute to the community.

Dedication

We continually pledge to uphold the responsibilities that come with membership in our fraternity and sorority community.

Ethical Behavior

We strive to align our actions with our values; we are cognizant of the effects of our actions and inactions as responsible citizens of the fraternity and sorority community.

*The above statements were created by members of the Interfraternity, Panhellenic and National Pan-Hellenic communities at the 2008 Greek Leadership Summit.

Accreditation and Awards Program Review Process

This program will be evaluated annually to allow for constant evaluation and improvement.

The review will take place each April after the Grand Chapter awards ceremony. A committee will be charged with reviewing the accreditation and awards program and incentives, soliciting feedback from undergraduate and alumni members and providing a recommendation report to the Office of Student Life no later than April 30th each year.

The committee will be composed of a representative from an Interfraternity Council, Panhellenic Council and National Pan-Hellenic Council chapter who is approved by the respective council president, a staff member from the Office of Student Life and a current or past advisor (does not need to be a chapter advisor). The committee is encouraged to research inter/national awards programs, NIC, NPHC and NPC standards documents and accreditation documents from other universities.

The Office of Student Life has final approval of any changes to the accreditation and awards program. All changes will be implemented for the following award year unless otherwise stated. Changes to the document will be shared with inter/national organizations and the NPC University Assessment Documents Review Committee.
