

## Media Permission for Research Uses

#### Title of Study:

#### **Principal Investigator:**

I have had an opportunity to read, review and ask questions about the above named research project as part of the informed consent process. I understand that part of the research involves the use of various types of media (for example, audio recordings, videotaping, digital pictures, etc.). The following information was described to me by the researcher and in the informed consent form:

- The type or types of media to be used;
- How this media was to be used in the research project;
- Who would have access to it;
- What safeguards were to be used;
- What privacy and security precautions would be used (if applicable);
- How the media would be destroyed and when once the research was completed (if applicable);
- That I have the right to withdraw from the study at any time; and
- That I can receive a copy of both the informed consent form and this media release form for my records.

As such, I agree to allow the researcher to use the media described to me as part of the above named research project. This media will **only be used for the above named project**, unless I give the researcher written permission (see below) for other possible uses.
