A Race for Secret Families

It is because of everyone’s generosity that we are able to supersede our goals and will be adopting Three Secret Families!

We have raised over $1612.95!!

We are so excited for the tricycle race on Tuesday November 21st at 2 pm! The event will be held at Ball Gym. Parents are welcome, but there will be an assigned section for parents to sit. We are still collecting donations on Monday, but Monday will be the last day to donate.

Don’t forget the class that brings in the most money will get a hot chocolate party!!
2018 yearbooks are ready order. Go to [yearbookordercenter.com](http://yearbookordercenter.com) and enter in 31866 or Burris to begin the ordering process. 2018 Yearbooks are $50.00 until Thanksgiving break and then will go up in cost to $55.00 until mid January and then after February to $60.00. Order your 2018 yearbook today!

Jonathan R. Reynolds Young Writers Workshop

The Jonathon R. Reynolds Young Writers Workshop is an eight-day residential summer program in creative writing for current high school sophomores and juniors who love to write. The upcoming workshop dates are: June 17-24, 2018. The online application portal opens on January 3, 2018 and the deadline is on Sunday, March 4, 2018 at 11:59 p.m. You can apply at reynolds.denison.edu. If you have any questions, please contact reynoldswriting@denison.edu.

Duke University Summer Sessions

Duke University will be offering summer sessions to students grades 9-12. There are three different types of sessions: Summer College, Summer Academy, and STEM Academy. These programs vary from one-week to four-weeks, and offer student opportunities to earn college credit, certifications, and explore Duke's University. For more information, check out the website at http://summersession.duke.edu/high-school-students.

National Student Leadership Conference

The National Student Leadership Conference (NSLC) is a summer program for high school students to explore potential careers, learn leadership skills, and experience life on a college campus. Students can choose from a variety of programs from acting and architecture, to game design, law and advocacy, sports management, and psychology. Students who attend the NSLC attend guest speakers and get hands-on experience. If you are a current 9th, 10th, or 11th grade student and would like to be nominated for the NSLC, please stop by the counseling center!

Research Engineering Apprenticeship

Juniors! The Department of Physics and Astronomy at Ball State is looking to hire Research Engineering Apprentices for a 6-week program summer. The topic for this year's research project will be Observational Astronomy and CCD Image Processing and Acquisition. No previous experience with physics or astronomy is required. If you are interested in this paid summer program, stop by the counseling center!
Our Mission

Burris Laboratory School fosters a culture of respect and trust where every student is challenged to pursue excellence by engaging in a well-rounded, technologically-enhanced, rigorous curriculum in a safe and secure environment. As a model school, engaged in best-practice research and the preparation of highly effective educators, we collaborate with community partners to prepare students for success in an ever-changing world.
