& looking back. This week in Diversity in 1978

Harvey Milk was the first openly-gay person to be elected in local government in California. He and George Moscone, San Francisco’s mayor at the time, were killed by a former member of the San Francisco Board of Supervisors. Following the murders, both riots and peaceful candlelight demonstrations took place as the city of San Francisco publicly mourned the loss of two of its most cherished and respected civic leaders.

Earlier in the year, Milk asked Gilbert Baker, an artist and gay rights activist, to create an emblem that represents the movement and would be seen as a symbol of pride. Baker designed and stitched together the first rainbow flag, which he unveiled at a pride parade in 1978.
